I'd like to ask that all of you review these documents as soon as possible and get any comments back to me. Please do not be offended by any of the due dates - I made them up based on what I know about these issues but I recognize some may be too long or too short. This is just a strawman but your comments to improve it are needed quickly as we may start a discussion with HQ on these documents on this afternoon's weekly Dimock call. Thanks, dennis,
